Full Solar

4x100 W MultiLed

Full Solar, first completely solar lighting tower. Its 4 multiled lights can illuminate until 2500 sq m thanks to **monocrystal silicon panels solar** that give it power. The 4 sides lockable and adjustable in height **stabilizers**, make it more stable overall in applications such as construction sites, mines.

LUMEN 55.000 lm	MAST HEIGHT 7 m	BATTERIES 2X AGM 260 ah
ILLUMINATED AREA 2500 sqm	ACOUSTIC EMISSION 0 dB @7m	PANEL TYPE Monocrystal silicon
STABILIZERS 4+1	SOLAR PANELS 4X 305W each	TRAILER Site-tow
